Smart. Scalable. Cost-effective. We deliver tailored safety management that aligns with your budget and keeps your workforce protected and compliant.

# WHY OUTSOURCE?

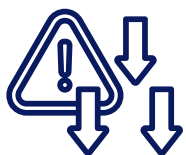

## Cost Efficiency

Avoid the high costs of hiring, training, and maintaining a full-time internal safety team by accessing expert services only when needed.

## Access to Specialized Expertise Year-Round

Gain immediate access to experienced safety professionals who stay current with industry regulations, the best practices, and compliance standards, throughout the year.

## Improved Compliance & Risk Reduction

Ensure your company meets all legal and regulatory requirements, reducing the risk of fines, incidents, and reputational damage.

## Scalability & Flexibility

Get safety solutions tailored to your company's size, industry, and evolving needs – scalable for growth and adaptable to changing regulations.

# WHY ESI SAFETY?

## Led by Industry Best Professionals

Our team is made up of qualified safety professionals with extensive experience across high-risk sectors such as construction, manufacturing, and logistics.

We understand the nuances of your industry and deliver safety solutions that are practical, compliant, and effective.

## Powered by ESI SafePlus

Our add on proprietary management application, ESI SafePlus, gives you real-time visibility into safety performance, compliance tracking, audits, and reporting – ensuring smarter decisions, and proactive risk management.

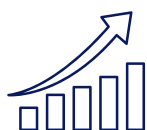

- *Offered at a very competitive price, ESI SafePlus delivers premium functionality, without the premium cost.*

## Cost-Effective, High-Impact Solutions

We offer top-tier safety services at a very competitive price point, helping you reduce internal overhead while maintaining the highest standards of safety and compliance.

You get expert results without the cost of a full-time team.

## Complete, Scalable Safety Management

Whether you need end-to-end program management, site-specific safety support, or training solutions, our services are fully scalable to match your growth, compliance goals, and operational needs,
